

Lake Merritt Administration (LMA) 300kVA Uninterruptible Power Supply (UPS) System Installation

Contract: 17BY-110B | Staff Recommendation to Award/Authorize
April 23, 2026 | BART Board of Directors Meeting

Agenda

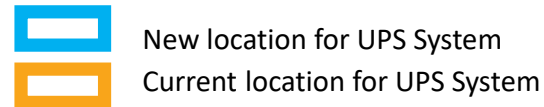

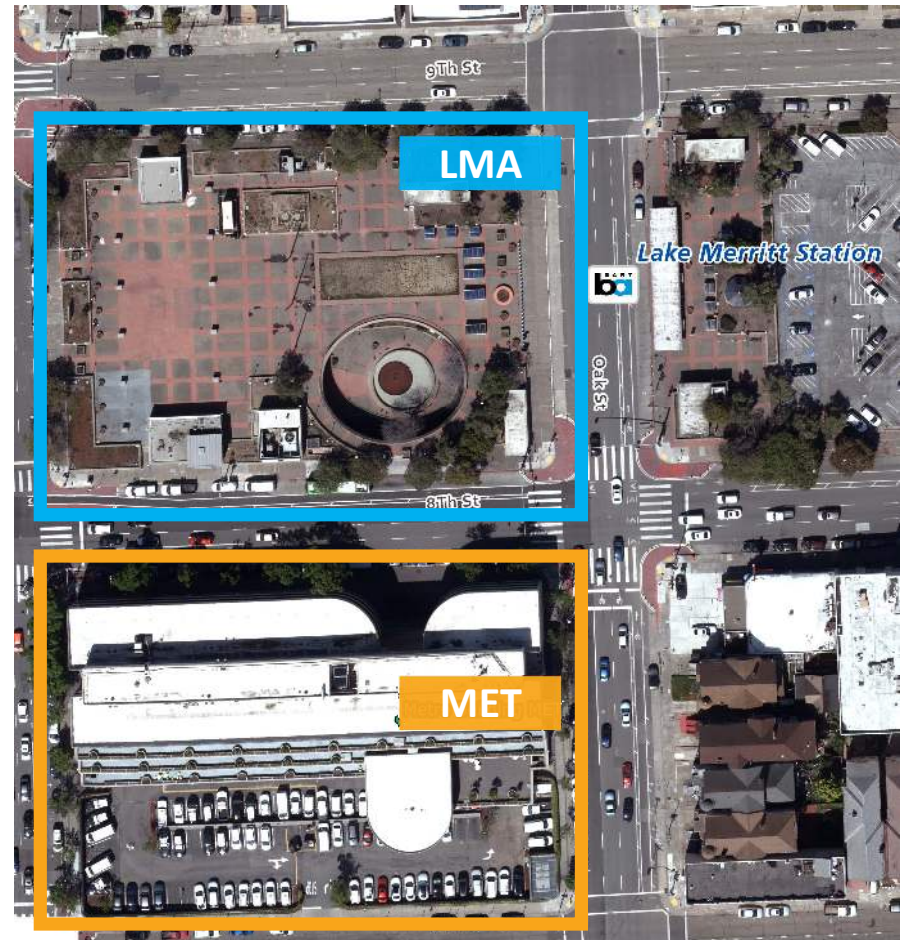

Purpose

Project Timeline

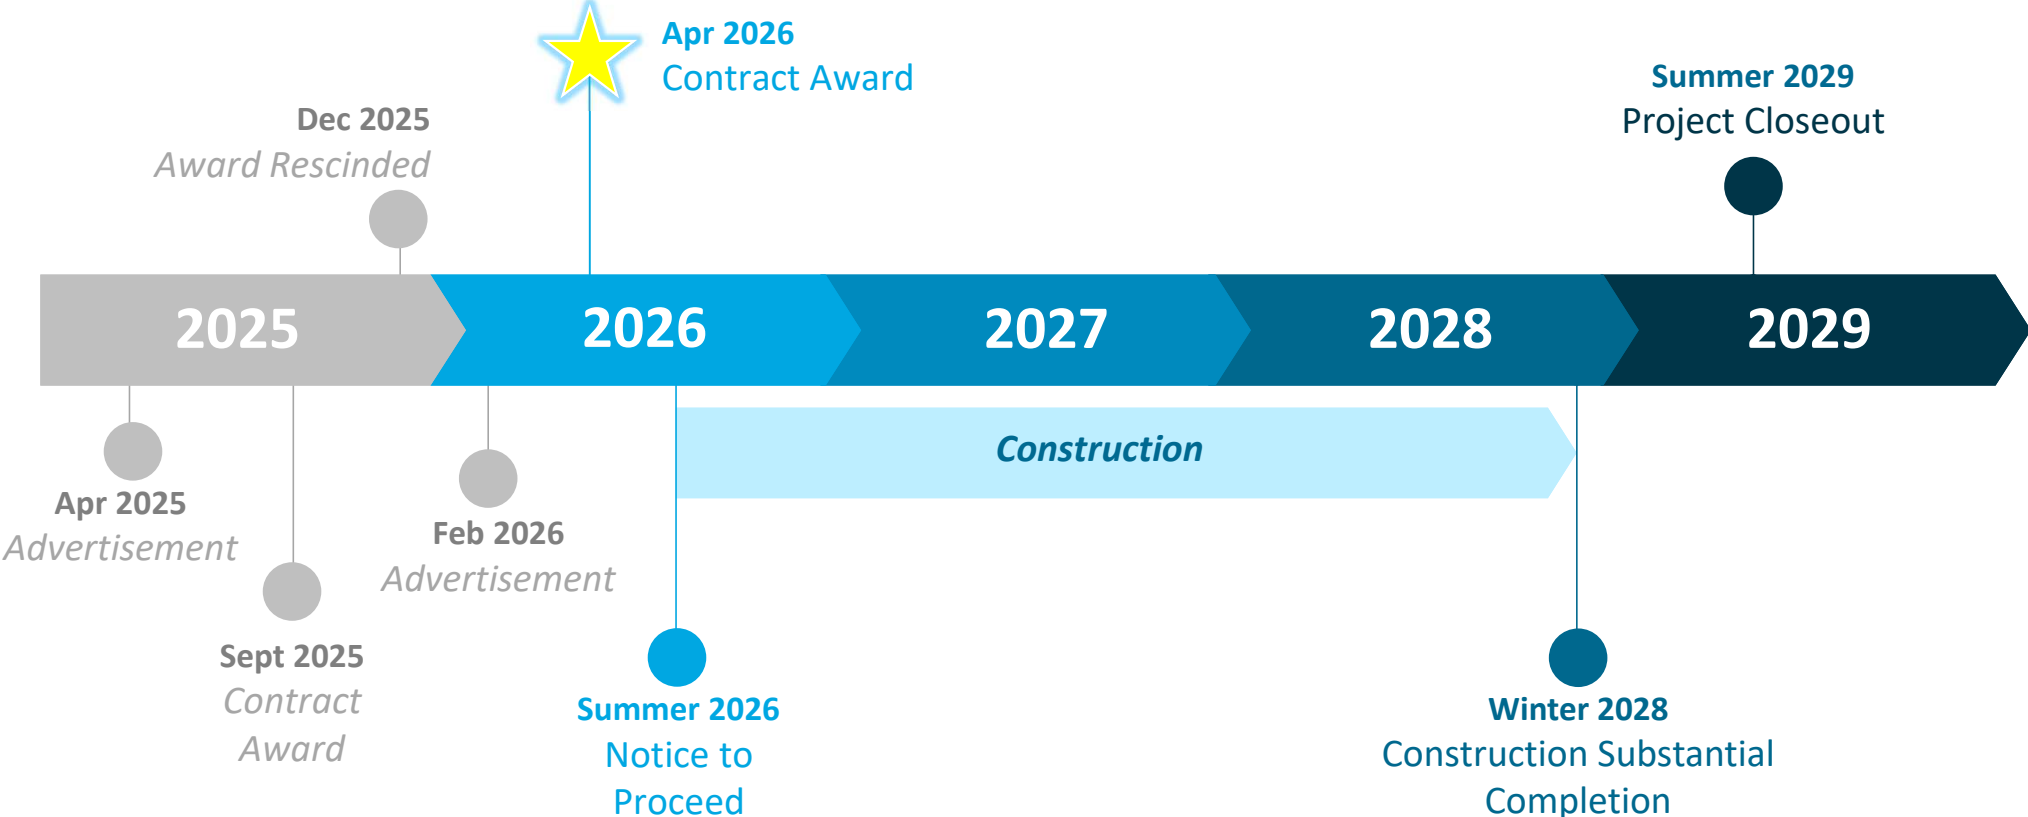

Board Recommendation

Purpose

- Current 300kVA Uninterruptible Power Supply (UPS) system is located at MET Building slated for Transit Oriented Development.
- This contract will install two new 300kVA UPS systems and associated infrastructure to replace the existing 450kVA UPS system located in the MET Building.
- Both new UPS systems will supply power during normal operations and provide redundancy if one fails.
- The new 300kVA UPS systems support critical infrastructure including:
 - ✓ Operations Control Center (OCC)
 - ✓ Central Computer Room (CCR)
 - ✓ Radio System
 - ✓ Relay Rack Room
 - ✓ Other BART Critical Infrastructure

Project Timeline

Recommendation to the Board

Authorization for the General Manager to award Contract No. 17BY-110B, to provide and install two (2) new 300kVA Uninterruptable Power Supply (UPS) systems at the Lake Merritt Administration Building (LMA) to Blocka Construction, Inc. for the bid amount of \$12,965,863.00

Thank You
