Sep 8, 2025

Be the Change Consulting

Q1: How do you feel about the direction and values of the Progressive Policing Bureau so far?

What resonates with you? What questions or concerns do you hold?

**Q2: What's working well right now
in advancing safety, trust, and
community engagement?**

*Are there examples—big or small—
that stand out?*

**Q3: What priorities do you think
BART should be focusing on
moving forward?**

*Where is there potential for greater
impact?*

Q4: What lessons have emerged from past efforts, whether successful or challenging?

What should we carry forward, and what might we shift?

Thank you!
