

MONTHLY REPORT

October 2025

EXECUTIVE SUMMARY

During October 2025, the Office of the Independent Police Auditor (OIPA) received three community complaints involving allegations such as arrest or detention, conduct unbecoming an officer, force, bias-based policing, policy/procedure violations, and racial animus. BART Police Department (BPD) received four additional community complaints and initiated three administrative investigations involving alleged misconduct, including off-duty firearm negligence and conduct unbecoming an officer involving a probationary employee.

OIPA concluded two investigations during this reporting period, including one case in which resulted in a sustained finding for discourtesy, and another that was closed administratively due to a lack of evidence and complainant cooperation. BPD resolved seven investigations and issued discipline in one case where conduct unbecoming an officer was sustained and a Letter of Discussion was issued.

At the conclusion of this reporting period, OIPA was actively conducting 11 investigations, monitoring nine Internal Affairs (IA) investigations, and reviewing 18 cases.

Notably, OIPA identified several issues requiring follow-up investigation by IA, including IA#2025-030 and IA#2025-007, which were determined to need additional investigation.

Some complaint investigation reviews are completed informally, with any concerns being addressed through a conference with BPD's Internal Affairs investigators. Noting the various kinds of work that OIPA undertakes regarding complaints and investigations, the following chart includes some of the pending cases in which OIPA is involved as of the end of this reporting period.

ISSUES DETECTED

The Model provides that OIPA shall have authority to require follow-up investigations into any community complaint or allegation that is handled by BPD.⁹ The OIPA Monthly Report

*

Some details regarding the nature of sustained allegations may be withheld to avoid unintentionally breaching mandatory confidentiality requirements. In some instances, the relative infrequency of the alleged misconduct may tend to allow for identification of the subject officer in violation of the applicable CA Penal Code section (832.7).

will reflect information regarding monitored cases, investigations, and contacts with detail not to exceed that which is allowable under state law.

During the previous reporting period, OIPA determined that case IA#2025-030 requires further investigation to justify the findings and address the issues identified by OIPA. Internal Affairs is conducting additional analysis for OIPA's review as of the date of this report.

For the current reporting period, OIPA reviewed IA#2025-007 and determined that the findings were not fully supported by the evidence contained in the investigative report. Internal Affairs has agreed to conduct additional investigation and include an allegation that was not identified in the initial complaint.

Lastly, IA#2024-096 was closed after the statute of limitations; however, there were no sustained findings.

¹ In addition to reporting on complaints received by the BART Police Department, the Civilian Oversight Model requires reporting on all complaints received by the "Civilian Board, Office of the District Secretary, and other District departments." As complaints received by the BART Police Civilian Review Board are customarily directed to OIPA for further action, such complaints are included in the Quantitative Report above; OIPA is also made aware of additional complaints about the BART Police Department by the Office of the District Secretary or other District departments.

² This number indicates all investigations that are open as of the end of the reporting period. It includes Community Complaints (regardless of whether the investigation is being conducted by OIPA, the BART Police Department, or both) and Administrative Investigations.

³ This number includes all cases completed by OIPA during the reporting period for which OIPA's findings are required by the BART Civilian Oversight Model to be submitted to the BART Police Civilian Review Board. It therefore includes independent investigations, as well as reviews of completed BART Police Department investigations initiated via appeal from a complainant. Unless otherwise noted, it does not include reviews of BART Police Department investigations initiated at the discretion of OIPA, which happen commonly and do not always generate a formal report; it also does not include reviews conducted by OIPA of complaint investigations where the complaint was filed with OIPA but did not fall under OIPA's investigative jurisdiction.

⁴ This number refers to appeals filed with OIPA by complainants who have been issued the findings of the BART Police Department's internal investigation into their complaint regarding on-duty incidents. OIPA has a responsibility to review such appeals pursuant to the BART Civilian Oversight Model, Chapter 1-04 (E).

⁵ This number refers to all appeals initiated by the BART Police Civilian Review Board after receiving and reviewing the findings issued by OIPA in each case. The routes of all such appeals are described in detail in the BART Civilian Oversight Model, Chapter 1-04 (B) (iv-v).

⁶ The BART Police Department defines an Informal Complaint as, "A comment on the actions of a Department employee, where the reporting party expressly states that he or she does not feel that the matter should be formally investigated with the understanding that an Informal Complaint does not hold the potential to result in disciplinary action against the employee." (BART Police Department Policy Manual, Policy 1020.1.1(d)).

⁷ BPD policy provides that if a person alleges or raises an issue that does not constitute a violation of Department policy, procedure, rules, regulations, or the law, the Department will classify the issue as an inquiry.

⁸ It is important to note that OIPA does not separate community complaints it receives into “Formal” and “Informal” classifications. This chart reflects all community complaints received by OIPA and all Formal Complaints received by the BART Police Department.

⁹ OIPA may submit recommendations to IA regarding minor clerical or record-keeping adjustments which are intended to maintain the integrity of the data collection and record-keeping processes at BPD. These are not considered by OIPA to be substantive recommendations requiring reporting herein.
